

Revision of Fees and Size Criteria for Oversized Baggage

Thank you for flying with Spring Japan.

Effective for flights boarding on and after Monday, December 21, 2026, we will be revising our fees and size criteria for large baggage.

Effective Data

Flights boarded on and after Monday, December 21, 2026

Revision Details

- We are updating our size regulations. Baggage with any single side exceeding 100 cm or with total dimensions (sum of three sides) exceeding 203 cm will be accepted as "Oversized Baggage."
- In addition to the standard weight-based checked baggage fees, an oversized baggage fee will be charged for each oversized item.
- The sports equipment fee is being abolished. Sports equipment exceeding the standard size limits will be handled as oversized baggage.

Notice

- Oversized baggage fees are additional charges applied to each piece of luggage that exceeds the standard size limits.
- The weights of standard checked baggage and oversized baggage can be combined.
- If the total weight exceeds your checked baggage allowance, a separate checked baggage fee must be paid.

Sincerely,
SPRING JAPAN
